

Instructions

This report has been structured to give us the information we need to monitor the success of the scholarship program and to communicate results to our donors and other interested parties.

We do not expect long and involved answers; please try to keep responses brief (bullet points or a few sentences) and **directed at a general audience**. If we require more detail on an answer we will contact you to follow up. If you are unclear about what information you should include, please contact us to clarify.

Please type your report using this electronic form template using 11 arial point. You are welcome to add or delete rows from tables as required.

1. Scholarship details

Recipient	
Research title	
Year scholarship commenced	
Date report completed	

2. Research Aims

Aim	Description	Has the aim been achieved?	Explanation (if not fully completed)
1		Choose an option	
2		Choose an option	
3		Choose an option	
4		Choose an option	
5		Choose an option	

3. Benefits / impact of the research

*Please give a brief overview of the benefits / impact on cancer control achieved and / or predicted to be achieved by your work. For example new understanding that could help develop better drugs, a new tool to improve surgical outcomes, improvements in patient care. **Please distinguish between impact that has already occurred and potential future impact.***

Tip: This section will be given to the donors who have funded your research. What do you think they would like to know about what you have achieved (donors are not usually very interested in your publication rate or citation index!)?

4. Knowledge Production

4.1. Academic publications

Include any publications aimed at an academic audience e.g. papers, book chapters, books, reports. Please list any publications resulting from your PhD.

Full reference	Status	CCWA acknowledged? (Yes / No)
	Select status	
	Select status	
	Select status	
	Select status	
	Select status	
	Select status	
	Select status	

Are you expecting to submit further publications in the future directly relating to the work conducted in your PhD? Yes / No

4.2. Academic presentations

Including conference presentations, posters, invited talks etc.

Full reference (incl. author(s), title, conference / meeting name, location, year)	Type	Level	CCWA acknowledged? (Yes / No)	Any extra comments
	Select type	Select level		
	Select type	Select level		
	Select type	Select level		

Final reports only:

Are you expecting to give further presentations directly relating to the work conducted in your PhD? Yes /

4.3. Awards

Any awards received in the period covered by this report.

Award name	Who awarded to	Date awarded	Details

4.4. Patents / Intellectual Property

Please give details of any patents or other intellectual property developed as a result of the funding.

5. Increased Research Capacity

5.1. Career development

Are you planning to continue with a career in cancer research after you PhD? Yes / No

If yes, please give details of your next position:

Position title	Institution / department	Start date

If no, please tell us briefly why you have chosen not to and what you are planning to do instead.

6. Community engagement & dissemination

6.1. Engagement with Cancer Council WA

Please list any Cancer Council WA initiatives you have been involved with over the period covered by this report, e.g. research lunch, fundraising campaigns, provision of expert advice, lab tours for donors.

Initiative	Date

6.2. Presentations to non-academic audiences

Please list any presentations given to non-academic audiences e.g. practitioners, policy makers, local community group. Only include ones related to your work / research.

Title / topic	Presenter(s)	Who presented to (e.g. event, organisation)	Date	Location	CCWA acknowledged? (yes / no)	Any other comments

6.3. Media

Please list details of any media relating to your research e.g. newspaper articles, radio interviews, newsletter articles.

Title or topic	Publication / program name	Date published / broadcast	CCWA acknowledged (yes / no)?

6.4. Other engagement / dissemination / translation activities

Please give details of any other engagement, dissemination or translation activities for your research not covered previously (if applicable).

7. Final comments

Space for you to mention anything else important you think we should know and for any comments you would like to make to the donors who funded your project.

8. Approval by Supervisor
